

Kate Bonnet

Frank R. STOCKTON (1834 - 1902)

"She carried a fishing rod and line, and her name was Kate Bonnet. She was a bright-faced, quick-moving young person, and apparently did not expect to catch many fish, for she had no basket in which to carry away her finny prizes." It was the first quarter of the seventeenth century in Barbados, and Mistress Kate was the pretty daughter of a notorious pirate with her eye on a young, handsome and prosperous farmer. This is an account of the fictional daughter of infamous crony of Blackbeard, Stede Bonnet (whose only real-life daughter was named Mary). - Summary by Lynne Thompson
